

Instructions for Facilitators:

- 1) Put the colored College Mission Statement on the overhead screen (Activity #1).
- 2) Ask your group to select three or four terms/words (to begin with) that they would like to define.
- 3) On your giant post-it, write the term/word on top, and all the definitions below.
- 4) Do the defining of words activity for about twenty minutes (go no later than 4:15 pm), tackling as many words as you can (if you don't complete all the words, no worries)
- 5) At the end of the Activity # 1, please pass out the worksheet for Activity # 2 (i.e., individual feedback regarding the College Mission Statement), and ask for general feedback whether or not they think we are heading in the right direction with the proposed College Mission Statement – ask them to either complete it there, or send it back to you via campus mail by Monday, October 8. Facilitators will need to gather all the responses and forward them to Sarah Thompson.
